 Eighth Annual Meeting of the Mal-
 Temperance Union,
 Held at Augusta, January 28th, and 30th.
 A very large convention, representing
 various portions of the State, without dis-
 cussion of party or sect, was assembled. Com-
 munion pervaded their counsels. There
 manifested a steady, firm purpose to stamp
 out common traffic in intoxicating drinks as im-
 mune as criminal.
 OFFICERS for the ensuing year:
 Hon. H. J. ANDERSON, Pres.

[illegible][illegible]

1. Intemperance cause to avoid every course
 2. that, the tendency of which would be
 3. to increase the traffic in alcohol respectable
 4. persons would be inclined to tolerate a store or
 5. bar in which intoxicating drinks are sold is to
 6. encourage and support intemperance.
 7. 2. That disregard to the great in-
 8. fluences which are involved in the cause of tem-
 9. perance, and neglect of direct action in pro-
 10. mising reforms, are incompatible with the
 11. spirit and Christianity.
 12. 3. That the fact that the law of
 13. the land now authorizes the traffic in intoxicat-
 14. ing liquors does not at all lessen its criminality
 15. 4. That this body respectfully and
 16. respectfully and aid of his excellency
 17. of the State and of the President of the
 18. of the State in the cause and glorious
 19. of the State, and that we
 20. to defend that the festivities of the
 21. may be conducted upon strictly tem-
 22. perance principles; and that during his contin-

office, the use of all intoxicating drink be excluded from his mansion—and the regaining be forwarded by the Governor to the President of this body.

Resolved, That the vender or furnisher of spirituous liquor be held accountable at the pleasure of the court, according to the common rule of law, for any punishment upon the principal or accessory to any crime that may be committed by any person, for every article of spirituous liquor that may be received, under the name of the liquor sold; or furnished; under the name of the venditor, if he knew, when he sold or furnished the same, that the purchaser or receiver was in the habit of drinking to excess.

Resolved, That we deem it the duty of Congress to repress the spirit-ration in the Navy, during the present session.

Resolved, That the Maine Temperance Union be invited to attend the next session of all its operations and deliberations has been approved by the committee on the subject of all its sectarian designs, and has never been

permeated by any other consideration, than that
of pleasure and least desire to promote the cau-
ses of temperance in this State and Country.
Thence it has arisen, that the liberal use of
spirits as a medicine, and especially in the
cases of Bilious, cordial exultors, and who are
the most prominent causes of forming intemperate
habits, and appetites ought to be universal
and allowed. As the sense of this convention —
how he was asked of our legislature, to em-
power him the following points viz:
To grant no license for the sale of intox-
icating liquors to be used as a drink: —
To provide by effectual penalties of fine
or imprisonment for the suppression of those
intoxicating liquors.

The members of the Society were appointed
to appear before the committee of the Legislature
on the subject of Temperance on Monday

By J. T. Walton and Rev. G. W. Bourne, and, H. Baker, Esq. of Augusta, Rev. J. C. Gardner, and Hon. M. McDonald of New York. The committee of the Legislature met in session Thursday afternoon before whom assembled auditors, in the Hall of the House of Representatives. This committee appeared, in answer to the prayer of the petitioner. The committee were addressed, also by J. O. Donnell, Esq. of Gray, and J. Hickey, Esq. of Freeport. A resolution was passed appointing a con-

On one occasion I dined at Lord B's . . . There were twelve persons that sat and six servants, in splendid *uniform*, to support them. Margaret, who sat at the opposite corner of the table, watching his motions, . . . , saw that the other end of the spoon was in his bosom; she then took the spoon from his bosom; she threw it down, and he said, "I have swallowed my spoon." The countess, who was sitting next her, . . . , handed a quantity of mustard on the table, and she, not observing this suggestion, . . . , took the spoon to her mouth, . . . , and began to eat from it, . . . , on the table.
